

Regional Cooperation

**BUILDING BRIDGES BETWEEN PEOPLE
AND PROMOTING RECONCILIATION.**

Economy

The Central European Free Trade Agreement helps prepare the economies of the Western Balkans for the competitive pressures of the EU single market.

Reconciliation

Overcoming the legacy of the past, especially in the Western Balkans after conflicts in the 90s.

Infrastructure

The Western Balkans Investment Framework is an innovative financing initiative for infrastructure projects and socio-economic development in the Western Balkans.

Energy

The Energy Community applies the core EU energy laws such as market liberalisation and energy efficiency.

**REGIONAL COOPERATION HELPS
ASPIRING COUNTRIES TO MEET
THE EU OBJECTIVES THAT WOULD
BE DIFFICULT TO ACHIEVE
ON THEIR OWN.**

Environment

The Environment and Climate Regional Accession Network is the cooperation framework for the Western Balkans and Turkey in the field of environment and climate change.

Transport

The European Common Aviation Area agreement brings together partners from the EU, south-eastern Europe, Norway and Iceland.

Education

Erasmus+ promotes the exchange of academic staff and students and partnerships between institutions.

Justice and Home Affairs

Strengthening regional cross-border cooperation between law enforcement agencies and judicial authorities helps fight organised crime and corruption.
